Mr. Robert W. Craig  
Executive Director  
Aspen Institute for Humanistic Studies  
Aspen, Colorado

Dear Mr. Craig:

Please excuse my delay in answering your invitation to attend the Aspen Institute Seminar scheduled for March 3 - 9, but I have been trying to rationalize my future schedule. This now having been done to the best possible extent at this time, I should like to accept your invitation with great pleasure.

Needless to say, I feel the subject is of vital importance and will look forward to participating in any small way in which I may be capable. I believe that such an exchange of views should be very stimulating and profitable.

Sincerely yours,

Herbert Scoville, Jr.
